

Real-Time Fund Transfer

Transfer fund to current account automatically when the balance of the account is insufficient for payment of cheque on the day

Product Detail

SCBM's Real Time Fund Transfer allows customers to automatically transfer fund from savings / call deposit account to current account (within the same jurisdiction) immediately when the balance of the current account is insufficient for payment.

Highlights

The sending account and receiving account must belong to the same owner.

Feel more convenient and faster with automatic fund transfer to current account when the cheque is tendered but there is insufficient balance in the account.

Benefits

- No need to leave money on the Current Account.
- Help reduce errors and increase liquidity management of the company.
